

# Certificate

## Indoor Air Comfort Gold

Knauf UK & Ireland Plasterboards

*Certified Product*

**Knauf UK**

Kemsley Fields Business Park, Swale Way, Sittingbourne, Kent ME9 8SR, United Kingdom

*Applicant*

The above product complies with the Specifications Indoor Air Comfort and Indoor Air Comfort Gold, Version 2026. These include both inspection of factory production and VOC emissions testing according to EN 16516, at regular intervals. Indoor Air Comfort Gold combines all key European and selected global requirements on VOC product emissions. Additional requirements not related to VOC product emissions, for example content of certain substances or odour are not combined or evaluated. The following VOC emission requirements are combined and the certified product shows compliance with these VOC emission related limit values:

- |                                          |                            |                                                     |                                                         |

## Appendix to Certificate IACG-544-01-01-2026

### Knauf UK

receives the Indoor Air Comfort Gold certificate with validity 13 April 2031

for below product group, including subgroups and individual products as listed:

Product group: Knauf UK & Ireland Plasterboards

Product category: Non-wooden panels

#### Products included:

Knauf Baseboard,  
Knauf Coreboard,  
Knauf Fire Panel,  
Knauf Moisture Panel,  
Knauf Performance Plus,  
Knauf Plank,  
Knauf Sound Panel,  
Knauf Soundshield Plus,  
Knauf Wallboard,  
Knauf Windliner.

The products in this group are based on identical or similar recipe and are produced under equivalent conditions. Grouping of the products and inspection of the production process is part of the Indoor Air Comfort Gold certification. A worst-case product, which is representative for the whole group, is being tested frequently.
