CREATE NEW CONVERSATIONS

We believe that ceiling and walls are an integral part of every interior space. They help give us a wonderful sense of well-being and safety. A seamless connection between form and function, these structures enhance and protect the spaces in which we live, work, recover and grow. Walls, particularly, balance acoustics, provide healthy air to breathe and influence how we think and feel.

Colours, shades, tones impact spaces and human beings in subtle ways. That is where Knauf Ceiling Solutions works hard to curate shades that can help you define the right vibe for your built spaces.

Explore our four unique Optra palettes for your wall panels. These colours and tones have been curated to resonate with contemporary work attitudes and mindsets today. Explore, experiment and create spaces that are a delight to be in and ones that invite the inhabitants to be their best selves!

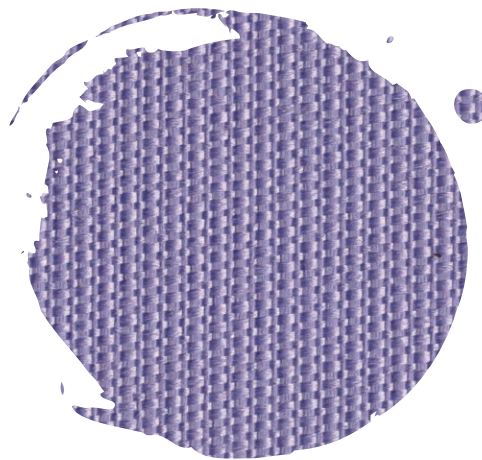

LUXURIANT SPLENDOUR

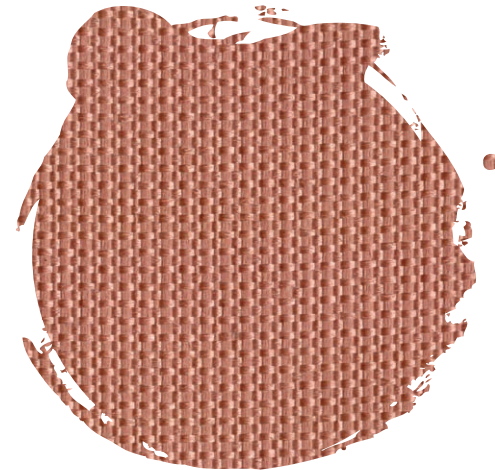

Inspired by soft hues of rose-coloured sunsets by the magnificent Taj, this colour palette creates a sense of calm, peace, and tranquility.

Celebrate the tones of nature and invite the inhabitants in the space to appreciate and experience the gentle murmurs of the setting sun. Works well with copper and earthy materials.

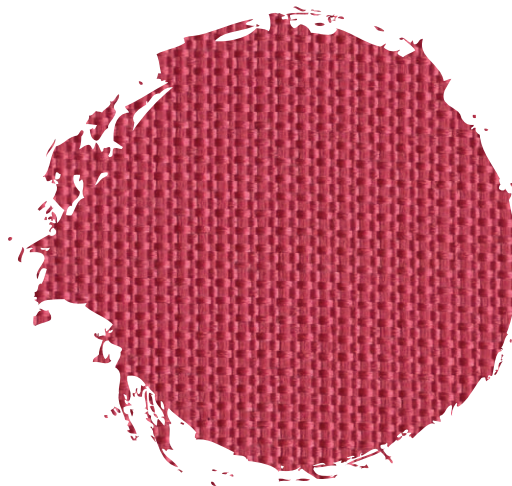

Perfect for spaces of deep work, meditation, creative zones.
