

Knauf – One of worldwide market leaders in providing customers with light-weight material Solution

“Knauf Group, a German-based global company operating across 90 countries worldwide, acquired Sheetrock as part of its acquisition of USG in 2018. The synergies from this acquisition increases Knauf’s capability to provide products and systems for light-weight building material that are environment-friendly, energy-efficient, and fairly-priced to help customers work and build better.”

Knauf – One of leading German brands for builders to Build a Better Living Space.

CLEaneo

Acoustic Ceiling and Wall lining systems

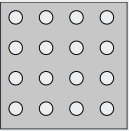

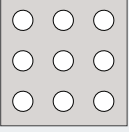

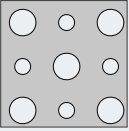

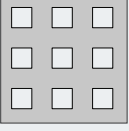

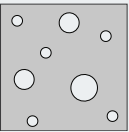

Introduction

Cleaneo perforated acoustic plasterboard offers combined benefits of a decorative lining and a high level of sound absorption required for commercial spaces such as educational institutions, hospitals, retail, offices, conference halls and hospitality.

Cleaneo is the ideal solution for noise absorption treatment and is available in a number of stylish designs for creative freedom. Cleaneo is the perfect balance of function and aesthetics, allowing Architects to design with flexibility and confidence, creating monolithic and seamless internal spaces.

Cleaneo is suitable for ceiling applications and offers an acoustic plasterboard system that is quick to install, ideal for new or renovation projects with time-critical construction programs.

Cleaneo Product Range

Type		Thickness (mm)	Width (mm)	Length (mm)	Open Area (%)	NRC (*)
Circular 8/18 R		12.5	1188	1998	15.5	0.6-0.65
Circular 12/25 R		12.5	1200	2000	18.1	0.6-0.75
Alternating Circular 12/20/66 R		12.5	1188	1990	19.6	0.6-0.75
Square 12/25 Q		12.5	1200	2000	23	0.65-0.8
Random 8/15/20 R		12.5	1200	2000	9.9	0.45-0.5

Values in above table are nominal and for indicative purposes only
(*) NRC - Noise Reduction Coefficient is tested by ASTM C423.

Features and Benefits

- Monolithic, seamless or express joint look
- Fast installation
- Various perforation patterns for architectural design flexibility
- High acoustic performance
- Repaintable without the loss of acoustic performance

Storage & Installation

Stored and installed in dry, non-wet conditions (not under the impact of rain, seepage and poor ventilation in prolonged high humidity condition).

Full system from Knauf

Cleaneo should be installed in full system with Knauf's ceiling Metal Profiles or System which are under Knauf's approval in order to achieve highest performance.

TRUSTED SOLUTIONS FROM GERMANY

WARRANTY **5 YEARS** ★★★★★

Seamless aesthetic

Excellent sound absorption

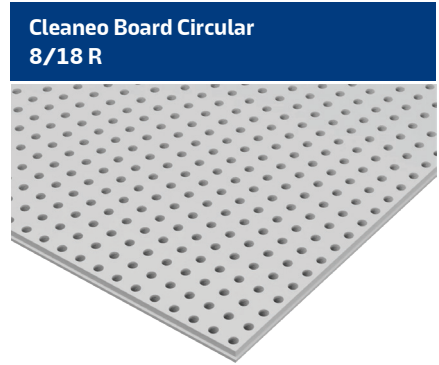

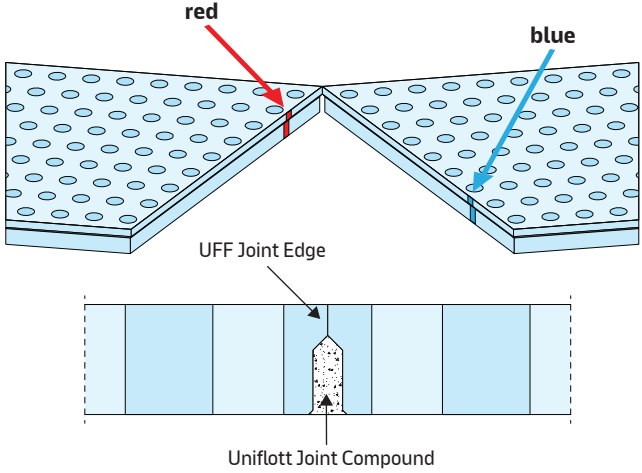

Creative and unique space

UFF Edge

Design UFF edges for seamless Cleaneo panel installation, creating a unified block with perfectly aligned continuous perforated patterns.

- UFF edges have red and blue markings to help with Cleaneo alignment during installation
- Seamless joint look with Uniflott compound
- Easy to installation
