

MOISTURESHIELD

Moisture Resistant Gypsum Board

MOISTURESHIELD

General Information

- > Moisture-resistant with water absorption value of less than 5%
- > Safe. Contains no hazardous substances
- > Manufactured using process and materials which are eco-friendly

KNAUF Moisture-Resistant Gypsum Board

Designed and manufactured for internal walls & ceilings in high moisture areas such as bathrooms, kitchens, and indoor swimming pool areas. MoistShield provides a smooth, robust and beautiful appearance.

MoistureShield is strong, durable and eco - friendly while offering effective moisture resistance according to International standards.

Recommendation

KNAUF MoistureShield should be installed together with ceiling and wall metal frame systems in order to achieve highest performances.
