Reaction to Fire (R2F)	Flexural Strength (F)	Dangerous Substances (DS)
E	Pass	NPD

Technical Information

Width (mm)	Length (m)	Colour	Weight (kg)	Material Number
50	30	Silver/Cream	1.9	314834

Sustainability

Substances of very high Concern (SVHC)

At the time of publication, under REACH UK and REACH EU regulations this product contains no SVHC. For more information please consult the Safety Data Sheet.

Storage and Handling

No specific education is required for safe handling. Avoid damp conditions for storage.

Packaging

Recycled card box with card cutout to see the product easily.

Disposal/Repair

Any excess leftover product can be saved for another project or recycled in accordance with local authority requirements. Flexible Metal Tape which has joint compound on should be disposed of according to the requirements of the joint compound.

Health & Safety

No special precautions are necessary but the use of gloves are recommended during the handling and installation of this product.

Application / Installation

Apply 3mm thick joint compound to inside or outside corner. Fold tape at centre, with the metal side of the tape facing the surface/substrate, embed the tape in the compound and allow to dry. Apply fill coat over taped corner, feather beyond taping coat.
