Revision Reference: 002  
Revision Date: 15/07/2024

**Technical Information**

Width (mm)	Length (m)	Colour	Material Number
50	90	White	493679

## Sustainability

### Substances of very high Concern (SVHC)

At the time of publication, under REACH UK and REACH EU regulations this product contains no SVHC. For more information please consult the Safety Data Sheet.

## Storage and Handling

No specific education is required for safe handling. Avoid damp conditions for storage

## Packaging

Packaged in an outer cardboard box.

## Disposal/Repair

Any excess leftover product can be saved for another project or recycled in accordance with local authority requirements. Fibre Joint Tape which has joint compound on should be disposed of according to the requirements of the joint compound.

## Health & Safety

No special precautions are necessary but the use of gloves are recommended during the handling and installation of this product.

## Application / Installation

To use to complete tape and jointing finishes to tapered edge plasterboard: Apply the self-adhesive tape to the board joint, then cover the tape with a minimum of 1mm of Knauf Joint filler to the shoulder of the taper. Jointing should be completed in accordance with BS 8000-8:2023. Knauf Fibre tape is not recommended as part of a full Knauf system, Knauf Paper Joint Tape should be used as an alternative.
