There's an increasing demand to build faster, more efficiently and cost effectively. There's a global call for more imaginative and sustainable designs. There is a revolution in materials and construction techniques, opening up a new world of possibilities.

Architects are at the forefront of these changes. Driven by their vision and experience, the built environment is changing for the better, with more ambitious ideas, inspirational designs and beautiful spaces where people want to live and work.

For over 80 years, Knauf has been partnering with architects to shape this new landscape. Continually pioneering new products, services and solutions in facade and drywall construction, we push the boundaries of what is possible, opening the door to bolder design and better buildings. This is our expertise. Combined with the experience and talent of architects, we're changing the way the world builds – more creatively, more efficiently, more responsibly.

Build on us.

1 GENERAL INFORMATION

Our commitment to quality products and great service extends to every contact we have with our customers.

That is why we've developed our Product Brochure to be more than numbers on a page.

It contains product and service information along with useful contact details.

Product Conformity

The introduction of UKCA [UK Conformity Assessed] marking is a new UK product marking that will be used for goods being placed on the market of Great Britain. The UKCA marking alone cannot be used for goods placed on the Northern Ireland market, which requires CE marking or UK[NI] marking.

Goods which are affixed with 'CE' marking and meeting obligations of the EU's Construction Product Regulation may still be placed on the UK market.

Knauf will continue to monitor Government guidelines in respect of product conformity, and introduce legislative changes as they become entrenched in UK law. Any, and all changes will be clearly communicated to all customers of Knauf UK & Ireland.

Knauf CE Marking

From 1 July 2013 the Construction Products Regulation (CPR) came fully into force making it mandatory for products that fall within the scope of a harmonised European standard (hEN) to display CE marking. The CE mark indicates that a particular construction product can be legally placed in European Economic Area (EEA) member states and is based on the principal that the product specification, and therefore the product, is 'fit for purpose'.

All Knauf products affected by the CPR are now fully compliant and CE marked. The example below shows where you can find EN compliance information within this Price List for all products that fall under their scope.

Supporting you with CE marking queries

More information about the changes in regulation and the implications for the Knauf product range can be found on our website at www.knauf.com

Also available on the Knauf website are:

- [Declaration of Performance \(DoP\) for downloading](#)
- [Contact details for any queries](#)
- [Safety Data Sheets \(SDS\) for downloading](#)
- [Product Data Sheets for downloading](#)
- [Environmental Product Declarations \(EPDs\) for downloading](#)

You can find more details about product compliance underneath the pricing tables within this Price List.

Order Services

Order Confirmation

You will receive an order confirmation within 30 working minutes of receipt of your order by Knauf.

Please help us to help you.

Please ensure order confirmations are checked for each order placed and let us know of any discrepancies.

If an order relates to a specific project, please quote the project number when ordering to ensure the correct pricing is applied.

Please note that during periods of allocation, order confirmation, amendment and delivery may be subject to new terms.

Order Amendment

Order amendments will be accepted up to the point of loading.

Order amendments not permitted on non-stock or special products.

Order Cancellation

Order cancellations are permitted up to 48 hours before delivery date free of charge.

Order cancellation only possible on stocked items and not special or non stocked items if already produced.

Order cancellations within 48 hours of delivery will incur charges and will be informed at point of cancellation.

Freephone:

0800 521 050

(Option 1)

Opening hours:

Monday to Friday 7.00am – 5.30pm

Cancellation received after loading has commenced:

£150 restocking charge.

Cancellation received after vehicle has departed:

£150 restocking charge plus transport charges.

Returns

Product can be returned to Knauf if we've despatched incorrectly or the product is proved to be defective. All products sent in error must be returned in a condition suitable for resale. All material will be inspected on return and a credit issued only when the above conditions have been satisfied.

Returns are only possible for stocked items. For special or non-stocked items manufactured to the customers specific requirements returns are not possible.

Returns need to be confirmed to Knauf within 3 days of delivery excluding products proved to be defective.

Unfortunately Knauf will not accept the return of any product ordered in error and delivered direct to site.

Return Fee

£150 restocking charge plus collection. Collection is quoted on request.

Stock Availability

- ✓ Indicates that products are available ex-stock
- ✗ Indicates that products may not be available for immediate delivery ex-stock

Delivery Services

Delivery Schedules

We offer FREE delivery on full (28t) or half load (14t) orders (which require no self-offload). For delivery lead times and order cut-off times, please contact Customer Services. For SFS orders and orders outside of the above, schedules are subject to a carriage surcharge which will be agreed when placing the order. Load schedules may vary from region to region.

Delivery Service Options

For full load orders, you can split your delivery into two drops. The first delivery must be closest to the origin of the vehicle and the second delivery must be able to be completed within two hours of arrival at the first destination. Timed deliveries subject to availability.

Delivery time	Material No.	Availability	Price
2 point deliveries	258442	✓	£105.00
Timed Delivery Premium	613048	▲	£100.00
Next day delivery Premium		▲	£100.00

▲ Subject to availability.

Specialist Vehicles

We have a fleet of specialist vehicles and equipment that are available to hire subject to availability. We only ask that your order is received confirming your requirement 72 hours before delivery or delivery cannot be guaranteed. In the unlikely event that the order is cancelled within 72 hours of delivery, charges may apply if we are unable to use the vehicle elsewhere. Charges will be advised by Customer Services at time of cancelling the order.

Vehicle	Material No.	Max. Order Weight	Price
Fork Truck	258438	24t	£494.50
Rigid Vehicle	258440	14.5t	£207.00
Flat Bed Trailer*	258441	28t	£184.00
Rigid + Forklift	613047	12.25t	£345.00
Pallet Network*	258443	1t	On request

*For site tower crane off-load

Demurrage

We allow two hours for you to off-load your delivery; after which point we will charge £80 per hour or part thereof.

Product Services

Delivery Lead Times

SFS AND COATED METAL
Please contact Customer Services for latest delivery lead times.

INSULATION

Minimum production runs of some types and sizes of insulation are required – please contact Customer Services for further information. The right is reserved to source insulation from any manufacturing plant, sizes of board may vary, packs will be rounded up to nearest m² ordered.

Extended Delivery Time

Products shown as “x” in the Ex Stock column of the product listings may not be available for immediate delivery. Please contact Customer Services for lead-times. No part load deliveries will be made due to non-availability of product.

No order will be accepted without a written order and if the order or part of it is cancelled, the product will be charged for in full.

Specials

The current range of product sizes are included in this Price List.

Requirements for special products can be met subject to production capability, minimum order quantities and an extended delivery lead-time criteria.

Orders for Specials are subject to our terms and conditions (which are also defined in our Acknowledgement of Purchase Orders) and provide that:

If the Purchase Order or part of it is cancelled, the Buyer will be invoiced in full.

The Buyer is liable to take delivery of the balance of the full quantity ordered on the Purchase Order within 45 days of the date of the Purchase Order. If delivery of the balance of the full quantity is not taken within this 45 days period, we reserves the right to invoice the Buyer for the balance of the total amount due under the Purchase Order.

To discuss a specials requirement, please contact your local Knauf sales representative and complete the Irrevocable Order for Bespoke Product form which can be found on www.knauf.com

Minimum Order Quantity

Plasterboard can be produced to any pre-existing width and thickness combination to any length between 1800mm and 3000mm and is subject to a premium of 20%. The minimum order is 5000m².

Metal can be produced in special lengths and is subject to a 20% premium. The minimum order quantity is 1000 lengths.

Some products are produced specially and therefore are subject to a minimum order quantity, start fee and extended lead time. These products are clearly marked within the price list.

One Tonne Pallets

One tonne pallets can be prepared for most products and are subject to a minimum quantity. Please see criteria for specials listed on this page. One tonne pallets are not available for Insulating Laminates. One tonne pallets require an extended lead time of 10 working days and are subject to the following charge per pallet. Orders must be placed in multiples of 2 pallets.

Amount	Material No.	Availability	Price
One tonne	258444	✓	£16.00

Vapour Check Grades

Board in standard lengths is available in Vapour Check Grade. Boards are made to order, sold in full pallet quantities and an extended lead time applies.

For non standard sizes refer to Specials and Minimum Order Quantity above.

Vapour Check Grade is subject to a premium of £2.55/m².

Packaging Services

Pallet Hoods (Available on request)

Boards			
Size (mm)	Material No.	Availability	Price
2400	760518	✓	£2.50
3000	706521	✓	£2.50
Bags			
Size (mm)	Material No.	Availability	Price
One Size Only	258446	✓	£2.50

Our pallet hoods are made from 30% recycled plastic and are reusable, but we would encourage responsible consumption.

The Small Print

Prices

Prices are subject to alteration and amendment. Unless otherwise stated, all products are sold in full pallet or pack quantities only.

Claims

Claims relating to the quantity and/or any transport damage of the products at the time of delivery must be clearly noted on the despatch documents and photographs provided via Tel/Email. Any liability for such a claim will be limited to the cost of replacement and transportation of the products in question.

Claim must be made within 3 days of delivery.

No consequential loss will be accepted.

Claims must be emailed to cservice@knauf.com

Service Monitoring

All calls are recorded for training purposes and deleted after a period of 3 months. In the unlikely event of a service issue please contact Customer Services.

Payment

Knauf Payment Terms are: within 30 days of the end of the month of the date of the relevant invoice. For details of settlement and merchant discount please consult the Accounts Receivable Department by email:

ar-uk@knauf.com

Conditions of Sale

This Price List is not deemed to constitute an offer; all sales are contracted in accordance with our General Conditions of Sale; see **p50**.

Every effort will be made to meet specific delivery requirements. However, Knauf will not accept responsibility or liability for failure to do so, or for any loss or damage arising from this cause.

Knauf reserves the right to reject any order or instruction deemed to be unsafe.

Knauf also reserves the right to refuse to unload any vehicle at its destination if it is considered to be unsafe to do so. Full delivery cost will be charged to the customer. Moffett off-load vehicles are designed for short distances only. Knauf reserves the right to limit the distance and terrain that the forklift vehicle will cover.

Any time or date specified for delivery is an estimate only. Failure to meet any time or date specified for delivery will not entitle the buyer to terminate this contract nor to compensation for any loss or damage arising out of such failure.

Knauf Accredited Training Organisation

The Learning Zones at Immingham and Sittingbourne are CITB approved training organisations and offer various courses for the construction industry. A number of our short duration courses offer a CITB approved qualification.

We believe in future proofing and protecting the workforce.

We provide the best possible training on the large variety of systems and products that we supply and make our courses widely available to those who request it. Whether the trainees are already skilled tradespeople, wishing to add to their existing knowledge, or people with no previous experience, there is a course in our range to benefit all.

We are happy to advise on the suitability of different courses and the content can be adapted to suit the requirements of the delegates.

All work carried out on the Knauf courses will be in a simulated site environment, and to industry standards, using British Standard and European Codes of Practice for accuracy and finish.

Contact us to find out more about the latest courses available.

Telephone: **01795 424499**

Email: knauftraining@knauf.com

Website UK: www.knauf.com

Available courses:
Drylining – Direct bonding and metal lining systems
Fire protection – Encasement systems
General overview of interior products and systems
Metal stud partitions, shaft wall, wall linings
Metal suspended ceiling systems
Flooring – Brio and GIFA systems
Façades – Steel framing systems
Taping and jointing
Demountable ceiling systems
Drywall for site managers / Quality Control
Airless Finish system training (in our training schools or directly on site)

Knauf SFS Carriage Charges

Transport and Delivery Notes and Considerations

Please note there may be additional transport charges as changes to environmental, vehicle accreditations and emission zones outside of our control occur are implemented. We will endeavour to notify in advance where and when applicable.

Each additional delivery on route is an additional £50 minimum charge.

A HIAB/MOFFET offloading service is available at an additional charge of £150 per vehicle.

FORSA silver is available at an additional charge of £150 per vehicle.

Clean Air Zone charge is an additional £50 per vehicle & ULEZ charge is an additional £100 per vehicle.

Delivery charges exclude N. Ireland, Ireland, the Highlands and the Islands (quotations available upon request).

Delivery prices allow for a standard demurrage of 2 hours. Delays above and beyond this will be subject to additional charges.

Standard delivery includes a flatbed trailer only during normal working hours from 9am to 5pm.

Any deliveries outside of these times will need to be specified and agreed in writing prior to placing the order and may be subject to additional charges (delivery time guarantees will not be given).

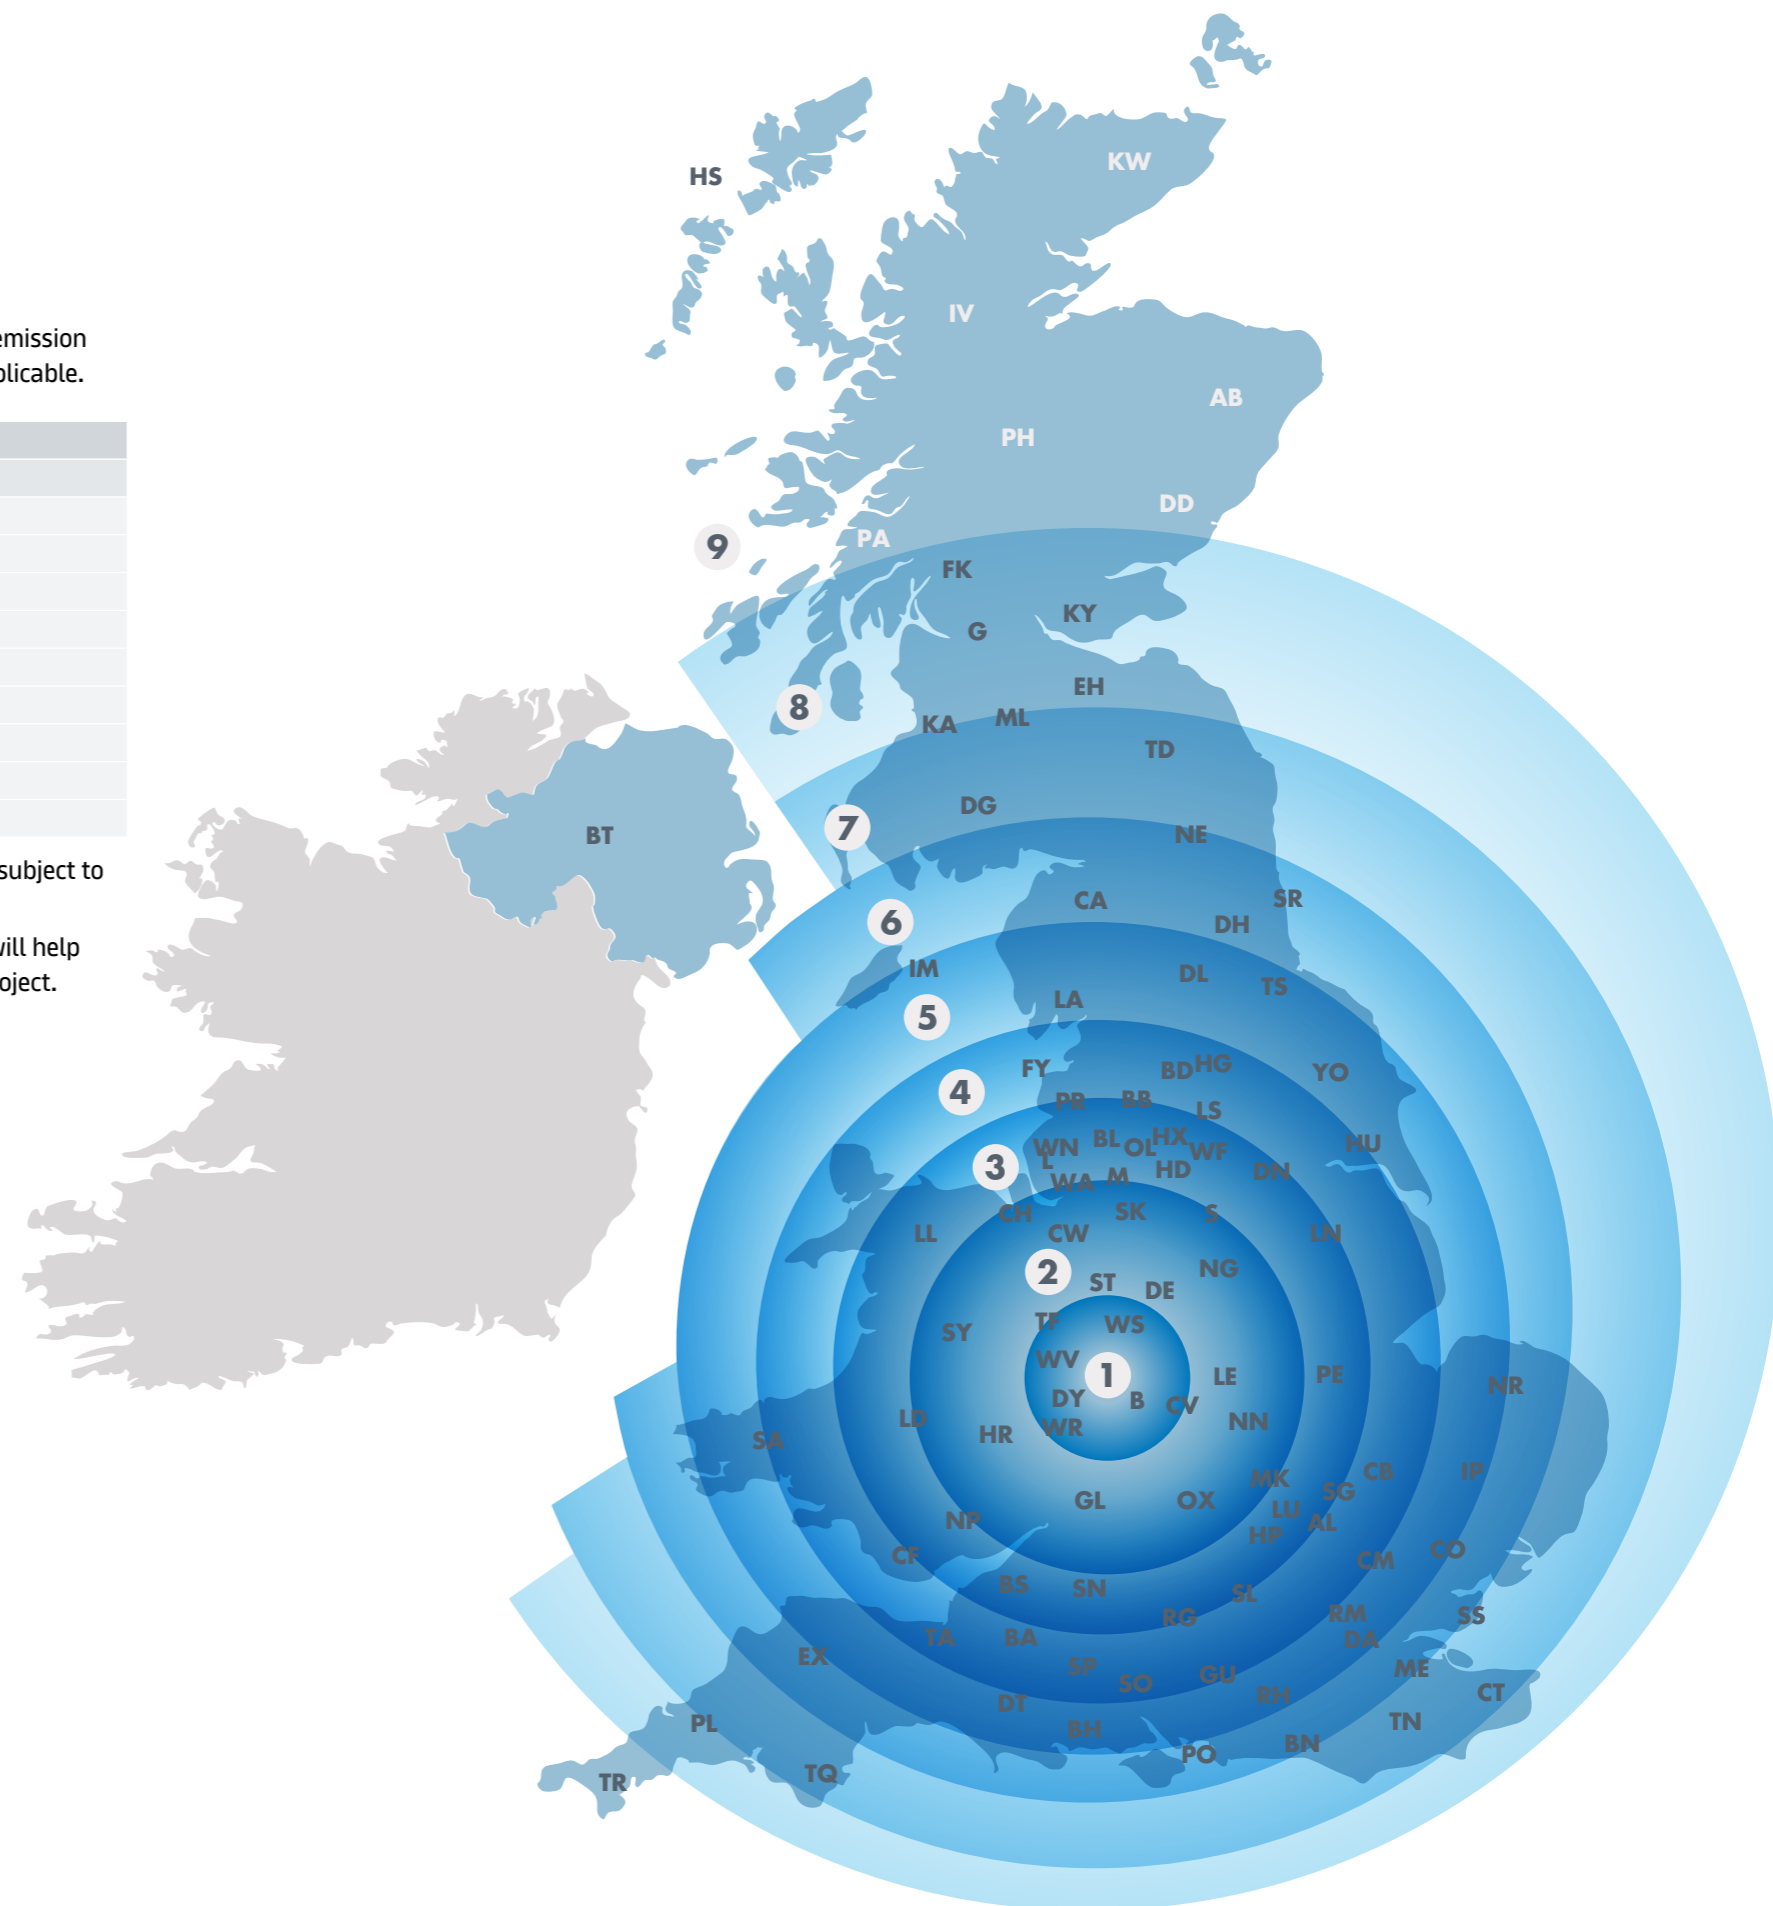

Please refer to our current terms and conditions for further guidance.

For assistance on the SFS design and ordering process see **p11**

Delivery	
Zone	Charge
1	£310.00
2	£415.00
3	£555.00
4	£625.00
5	£720.00
6	£820.00
7	£935.00
8	£1365.00
9	POA

*Transport is charged at net and therefore is not subject to any discount.

Using the Knauf SFS ordering template on **p46** will help ensure a complete and timely delivery for your project.

Conditions of Sale

The Seller, "we", "us" or "our" (as the context requires) is Knauf (UK) GmbH.

1. General

Contracts and orders are accepted only subject to our General Conditions of Sale as set out herein and our Special Conditions of Sale and the Buyer shall be bound by such Conditions. No modification of these Conditions or of the particulars contained in our acceptance will be recognised by us unless expressly accepted by us in writing. Unless so agreed any qualification thereof or difference contained in the Buyer's own order forms shall be inapplicable. All orders, whether based upon this quotation or otherwise shall be subject to our written acceptance.

2. Cut to length orders (Specials)

Requirements for Specials (defined above) can be met subject to production capability, minimum order quantities and an extended delivery lead-time criteria. For details of minimum order quantity and limits on sizes please see the details on page 5 of this price list.

Orders for Specials are subject to our terms and conditions (which are also defined in our Acknowledgement of Purchase Orders) and provide that:

- (1) If the Purchase Order or part of it is cancelled, Buyer will be invoiced in full
- (2) The Buyer is liable to take delivery of the balance of the full quantity ordered on the Purchase Order within 45 days of the date of the Purchase Order. If delivery of the balance is not taken within this 45-day period, we reserve the right to invoice the Buyer for the balance of the total amount due under the Purchase Order.

3. Prices

Prices quoted refer to the stipulated quantities only and will not necessarily hold good for other quantities. Unless otherwise stated all prices quoted are delivered prices. VAT not included in the quotation or invoice will be added where and at the rate applicable.

4. Variation of Prices

We reserve the right to alter the quoted prices of all or any of the goods at any time without notice in the event of any variation in costs incurred by us after acceptance of the Buyer's order. Orders are accepted at the prices current at the time of acceptance and on the understanding that they may be invoiced at prices ruling on the date of despatch irrespective of prices previously quoted. The quoted price is also subject to adjustment if any changes are made by the Buyer in the specification or quantities of the goods or delivery requirements.

5. Payment

Unless otherwise specified the goods or each instalment of the goods in cases where they are to be delivered by instalments shall be paid for in cash within 30 days of end of month of the date of the relevant invoice. Failure to make payment at the due date shall entitle us to suspend deliveries until payment is made or to terminate the contract in writing or to treat the contract as repudiated by the Buyer without prejudice to our rights to damages for breach of contract. If there is any delay in making payment we shall be entitled to charge interest on the outstanding amount at 3 per cent above the base rate charged by our bankers from the due date until the date of actual payment.

6. Packing

Unless otherwise agreed the goods shall be delivered in our or the manufacturer's standard packaging. Special packaging specifications to meet the Buyer's requirements must be referred to us for review and acceptance. We shall make a charge for this and the cost will be shown as a separate item on the invoice.

7. Delivery

- (1) Every effort will be made to maintain delivery dates but we accept no liability for delay however occasioned or for the consequences of any delay.
- (2) Delivery shall be when the goods are ready and at the Buyer's nominated place of delivery which shall be
 - (a) our premises if either the Buyer or the Buyer's carrier or agent collects, or if written nomination has been received by the time the goods are ready, or
 - (b) at the Buyer's own premises if carriage is affected by ourselves, our carriers or agents. Thereafter the goods shall be at the sole risk of the Buyer. We reserve the right to deliver by instalments in which case each delivery shall constitute a separate contract without prejudice to subsequent deliveries and shall be invoiced accordingly. We shall use our best endeavours to deliver on the date stated but no guarantee or warranty as to the date or rate of delivery is given or implied and we accept no liability for late delivery or any consequential damage arising there from. No delivery shall be considered as overdue until the Buyer has made a written request for delivery and given us reasonable time to comply with such request.
- (c) Proof of delivery having taken place under paragraph (or clause if the t's and c's refer to clauses) 2(a) or 2(b) will be by way of either a proof of delivery note or

telematics data where a proof of delivery note has not been issued. Proof of delivery by either of these two means is definitive evidence that delivery has taken place.

8. Retention of Title and Insurance

- (1) Property in the goods shall remain vested in us until payment therefore shall have been made by the Buyer in full. The Buyer shall be in possession of the goods solely as bailee for us until the full price is paid. The Buyer shall store the goods separately from his own goods and/or those of any other person and at all times the goods shall be stored in such a manner that they are readily identifiable as our goods until the full price is paid.
- (2) The Buyer's rights to possession shall cease forthwith if the Buyer
 - (a) Not being a company commits an act of bankruptcy; or
 - (b) being a company does anything or omits to do anything which would entitle a receiver or administrator to take possession of any of its assets or which would entitle any person to present a winding-up petition or a receiver is appointed to take possession of any of the Buyer's assets or a petition is presented to wind up the buyer.
- (3) Whenever and as soon as the Buyer does or omits to do anything whereby his rights to possession ceases under the provision of condition 7(2) then:
 - (a) the Buyer shall immediately notify us that his right to possession has ceased and of the circumstances in which this has occurred; and
 - (b) the Buyer shall on oral or written request furnish us, our representatives or agents with sufficient information so as to enable us to retake possession of the goods and such information shall include full details of the place where the goods are kept; and
 - (c) we shall have an irrevocable licence without prior notice to enter upon the Buyer's premises by ourselves our representatives or agents during normal business hours in order to retake possession of the goods.
- (4) The Buyer may sell the goods to a third party prior to the date on which full payment of the price is received by or made to us if and only if:
 - (a) none of the circumstances specified in condition 7(2) have occurred or are reasonably expected to occur; and
 - (b) the proceeds of sale if less than the full price of the

goods or such part of the proceeds of sale as equals the full price of the goods when received by the Buyer and/or his agents are placed forthwith in an interest bearing deposit account and the funds therein or the appropriate part thereof are held on trust for us and are payable to us; and

- (c) notice is given as soon as reasonably practicable to us of the sub-sale including the name and address of the third party and the name and address of the bank with whom the deposit account has been opened and the number of the account; and
 - (d) notice is given as soon as reasonably practicable to us once the proceeds of sale have been received by the Buyer.
- (5) If the Buyer shall sell the goods without complying with the provisions of condition 7(4) the Buyer shall be in breach of bailment and liable to account to us for the proceeds of the sale.
 - (6) In exercising the right of sale under condition 7(4) the Buyer shall as regards the third party, act solely on his own behalf and shall not have or hold himself out in any way whatsoever as having the right to make representations to or contracts with the third party on behalf of us.
 - (7) The Buyer shall inform us immediately of any seizure, whether threatened or actual, of the goods.
 - (8) The Buyer shall from the time when under clause 6 hereof they become sole risk of the Buyer fully insure the goods against all risks with a reputable insurance company at its own expense. The insurance shall cover our interest in the goods, and the Buyer shall hold in a separate bank account all monies paid under such insurance in trust for us and shall pay the same to us on demand. If the Buyer shall not effect such insurance we shall be entitled ourselves to insure our goods and demand reimbursement for the cost of the same from the Buyer.

9. Retention of Title – Scotland

In the case of goods supplied to the Buyer in Scotland, or located in Scotland at the time of the receivership or liquidation of the Buyer, notwithstanding the terms of condition 14 this condition shall apply and its terms shall be governed and construed according to and the rights and claims in and to the goods shall be governed and determined according to, the law of Scotland. In such a case:

- (a) property in the goods shall not pass to the Buyer

Conditions of Sale

until the price thereof has been paid in full. The Buyer shall store the goods in such a manner that they are readily identifiable until the full price is paid.(b) in the event of failure by the Buyer to pay any part of the price by the due date for payment, in addition to any other remedies available to us under these conditions or otherwise, we shall be entitled to re-possess the goods. The Buyer will for this purpose admit or procure the admission of our representatives or agents to the premises in which the goods are situated; and

- (c) if the Buyer is unable to pay his debts in terms of the Insolvency Act 1986, or becomes apparently insolvent or compounds with his creditors or has a liquidator, receiver or administrator appointed over all or any of its assets, or carries out or undergoes any analogous act or proceeding under common law prior to the property in any goods passing, the Buyer's right to re-sell or otherwise deal in the goods shall automatically terminate and we shall be entitled to re-possess any of the goods in respect of which title has not passed as aforesaid.

10. Strikes

Should we be prevented from delivering at the agreed date by strikes, lock-outs, act of God, war, fire, tempest, flood, accident or damage to goods, or delay in obtaining or inability to obtain through scarcity materials or for any other cause beyond our control we may suspend delivery until a reasonable time after the end of the happening and during such time as is reasonably incidental to the resumption of normal production or sale or cancel or vary the contract without compensation.

11. Seller's Right to Set-off

Notwithstanding anything else provided in these Conditions, the Seller may set off any matured obligation due to it from the Buyer against an obligation owed by the Seller to the Buyer under any Contract.

12. Warranty

We warrant the goods to be free from defects in material and workmanship. Our liability under this warranty shall be limited to repairing or furnishing parts to replace any parts which within six months from the date of receipt thereof by the Buyer fail because of defective workmanship or material. As a condition hereof, such defects must be brought to our attention for verification when first discovered and the material or parts alleged to be defective shall be returned to us if requested. We shall not be liable for transportation or installation charges, for expenses of the Buyers for repairs or replacements or for damages for delay or loss of use or

other indirect, incidental or consequential damage of any kind. If inspection by ourselves does not disclose any defects in material or workmanship, our regular published rates will be charged as they apply. We may use improved designs of the parts to be replaced. This warranty does not apply to any material which has been repaired or altered outside our premises in any way so as in our judgement to affect its performance or reliability or to any defect in any parts or misuse, negligence, accident or any cause other than normal and reasonable use nor shall it apply beyond their normal span of life to any materials whose normal span of life is shorter than the applicable period stated herein. Save as aforesaid all other conditions, guarantees or warranties whether express or implied by statute, common law or otherwise are hereby expressly excluded.

13. Lien

In addition to any right of lien to which we may by law be entitled we shall have a general lien on all goods of the Buyer in our possession (although such goods or some of them may have been paid for) for the unpaid price of any other goods sold and delivered to the Buyer by us under the same or other contracts.

14. Claims

The Buyer shall inspect the goods immediately on delivery thereof. If the Buyer fails to give notice or report in accordance with these provisions the Buyer shall be bound to accept and pay for the same at the time of times specified in these conditions unless a written claim is received:

- (i) By both us and the carrier within 3 days of delivery in respect of damage, delay or partial loss in transit.
- (ii) By both us and the carrier within 3 days of despatch in respect of non-delivery.
- (iii) By us within 28 days of delivery in respect of any other matter.

Goods subject to any claim must be stored free of charge for our inspection.

15. Waiver

Our rights shall not be affected or restricted by any indulgence or forbearance granted to the Buyer. No waiver by us of any breach shall operate as a waiver of any later breach.

16. Compliance with Laws and Regulations

The Buyer agrees that, in relation to any export, re-export or transfer of goods (or any associated services or technology) supplied under these Conditions, it will comply with all applicable laws, regulations, and administrative requirements, including but not limited to those related to

Conditions of Sale

export controls, trade sanctions, customs laws, as enacted by the European Union, the United Kingdom, Germany, the United Nations, the United States of America, or any other relevant jurisdiction (hereinafter collectively referred to as "Export Control Laws").

Right to Suspend or Terminate

The Seller reserves the right to suspend or terminate the performance of any contract or order which is subject to these Conditions, including the delivery of goods or services, without liability, if:

- (a) The Seller reasonably believes that the Buyer has breached or will breach Export Control Laws.
- (b) The Seller determines that such performance would expose it to the risk of sanctions, penalties, or other adverse consequences under Export Control Laws.

Indemnification

The Buyer agrees to indemnify, defend, and hold harmless the Seller, its affiliates, and their respective officers, directors, employees, and agents from and against any and all claims, damages, losses, penalties, or expenses (including reasonable attorneys' fees) arising out of or related to the Buyer's breach of this condition 16 or any breach of Export Control Laws.

Construction becomes condition 17 but can I suggest you amend that as follows:

17. Governing Law and Jurisdiction

These Conditions shall be governed by and construed in all respects in accordance with English law and the courts of England and Wales shall have exclusive jurisdiction in respect of any dispute, action, suit, claim or proceedings which may arise out of or in connection with these Conditions.

The 100% Knauf System Performance Warranty

Knauf warrants that its Systems will perform to the specified requirements throughout the lifetime of the building, when installed properly and under normal conditions.

Substantiated System Solutions

Knauf provides a comprehensive range of interior and exterior solutions, systems, and products, robustly tested to provide complete peace of mind for its customers. Systems have been developed and designed as complete building solutions to meet required specified performances. The systems and components are tested by accredited testing facilities in accordance with recognised industry standards and regulations.

The 100% Knauf System Performance Warranty guarantees that your Knauf systems are:

- Manufactured from the highest quality raw materials in state-of-the-art factories. Products comply with UK and/or EU standards and are subject to rigorous quality assurance procedures.
- System testing conducted at UKAS accredited laboratories or equivalent recognised (under ILAC MRA) European testing facilities for fire resistance and acoustic sound insulation testing with continuous factory production control testing to review and maintain published performances.
- Fully supported at every stage of the project by Knauf's market-leading technical and sales support personnel, both pre-site and during construction.

Knauf Technical Services

Help is available via our team of 'Technical Support Officers' who are ready to take your technical enquiries providing you with expert technical advice on interior and exterior solutions to meet your project needs.

Knauf Specification Service

Tailored project specifications can be delivered with the support of highly skilled and trained Project Specification Managers and via Knauf Planner Suite (<https://discover.knauf.com/en-gb/planner-suite>). Knauf Planner Suite – System Finder is a three-in-one solution for simple product and system searches, immediate supporting data, and Drywall Specification Documents. Load your free planning assistant directly in your Revit or ArchiCAD, or simply use the Knauf Planner Suite – System Finder web app.

Knauf On-Site Service

Knauf Project Technical Managers provide on-site project support to assist with the installation of Knauf systems. If Knauf product and system training is required, this can be delivered by the Knauf Technical Services Team.

Knauf Product Warranty

Knauf warrants that its gypsum and metal products ("Products"), as defined below, will be free from defects in design, material and workmanship, if properly installed and used under normal conditions by the customer or any third party (the "Warranty").

Products covered under this Warranty:

- Gypsum plasterboards, gypsum ceiling products and gypsum flooring products
- Interior metal sections and accessories
- Exterior metal sections and accessories
- Knauf AQUAPANEL® products and accessories
- Finishing and jointing compounds

Coverage

The Warranty will cover any failures of the Products, under normal use, which result from a defect in design, material or workmanship ("Warrantable Failure") subject to the conditions set out in A to D below. The Warranty coverage for the Products is 12 months from the date of completed installation ("Warranty Period").

Limitations and Exclusions

Knauf will not be responsible for any Warrantable Failures which result from:

- Improper storage. Products must be stored in an enclosed, dry, and clean environment protected from the outside elements including, but not limited to, rain, snow or other causes of moisture.
- Incorrect installation or failure to comply with all applicable Knauf specifications and published instructions in relation to the installation or the repair, replacement, adjustment, or alteration of the Products.
- Abuse or neglect, misapplication, abnormal or improper use or modification of the Products.
- Normal wear and tear

Claim

A claim for a Warrantable Failure ("Claim") must be made in writing within seven (7) days of the Warrantable Failure occurring.

The Claim must contain:

- the name of the Product(s)
- the order reference number
- full particulars of the defect
- the date of purchase
- the reasons why the customer holds Knauf responsible for the repair and/or replacement costs
- primary contact person name and contact details

If Knauf accepts responsibility for a Warrantable Failure it will, at its cost and at its option, either repair or replace the Products with the same grade and type of Products.

Any replacement Product will not benefit from a new twelve months' period of coverage but will only get the benefit of the unexpired Warranty Period for the replaced Product.

Save as otherwise provided herein, the Warranty is the sole Warranty made by Knauf in relation to the Product and all other representations, conditions, warranties, and terms (including Knauf's standard terms and conditions of sale), whether express or implied by law, statute or otherwise as to the quality, merchantability or fitness for a particular purpose are excluded.

The remedy of repair or replacement of the Product is the sole remedy for a Warrantable Failure and Knauf accepts no liability for any loss of profit, loss of use, loss of production, loss of contracts or for any financial or economic loss or for any indirect or consequential damage whatsoever.
