PRODUCT DATA

CHARACTERISTIC

Length	mm	3000
Width	mm	29
Corrosion class		C1

PRODUCT DESCRIPTION:

- HSK profile is a galvanized steel profile
- Width mm: 29/29
- Pcs. per bundle: 25

USE:

- Corner profile for corner joints.
- Galvanized steel profile for fixing to right-angle, outgoing corners. The HSK profile is fixed on every 150 mm using a Clinch-On. The edges of the profile are pressed into the board to lock it into place using this tool. Corner protectors are covered with filler before the final finish is applied to the board.
- Only for internal use.
