

KNAUF PREFORMEDBOARD

Flexibility in Design and Practicality in Installation

Knauf PreformedBOARD is a routed plasterboard that provides flexibility in design to meet the individual and aesthetic requirements of today's designer. This unique off-site prefabrication ensures minimal or no framework and minimises on-site labour. The versatility of Knauf PreformedBOARD enhances finishings on ceiling perimeters and often incorporates architecture features, such as diffused lighting, curtain pelmets, etc.
